

Kudos & Kindness

Thank you, St. Theresa

November 16, 2006

South Lake Tahoe Women's Center and Empower SLT would like to extend our appreciation to St. Theresa Church for their support during the month of October for Domestic Violence Awareness Month. St. Theresa Church generously donated their beautiful church for the third annual Take Back the Night event, which took place Oct. 26.

Take Back the Night included a candlelight march from South Lake Tahoe Women's Center to St. Theresa Church, where more than 85 people gathered to hear survivors' stories and speak about the devastating effects that violence has on our community. The Women's Center would like to recognize St. Theresa Church and its members for their commitment to raising awareness of domestic violence issues.

We would also like to thank Safeway, Don's Bakery and Alpine Sierra for there support and donations of hot drinks and munchies.
